

Dear PSA Director,

Thank you for airing the Martin Luther King, Jr. Day of Service public service announcement (PSA). Because of your support, we were able to increase the number of people volunteering in our community on this day of service and beyond. We were also able to share the messages of Martin Luther King, Jr.

This PSA explained the ability of voluntary service to strengthen communities and achieve common goals. Community service works. It creates an environment where people of all ages and backgrounds come together to improve lives, bridge social barriers, and move our nation closer to the "Beloved Community" that Dr. King envisioned. With thousands of projects completed across the country, the 2015 King Day of Service on January 19 was the biggest and best ever thanks in part to your support!
